

# TECHNICAL INTERVIEW

Congratulations, you've made it to the technical interview stage at futureproof!

---

## TWO TASKS BEFORE THE INTERVIEW

### BUILD A SIMPLE HTML/CSS WEBSITE

Below are the tools that will help you ace this task:

- [HTML](#)
- [CSS](#)

Once you've familiarised yourself with HTML/CSS, use [CodePen](#) to build your page.

On your website we'll expect to see:  
Your name, a short bio, and two truths and a lie.

Your HTML code should have:

- a header
- paragraph tags
- an image that represents you
- a list of your two truths and a lie
- a form with inputs of whatever you like

Your CSS code should have:

- a background colour
- different sized text
- different colour text
- multiple fonts (one of which should be imported from [Google Fonts](#))

### JAVASCRIPT BASICS

Use the below resource to get up to speed:

- [JavaScript](#)

Please do modules 1 - 7 inclusively.  
Only the lessons!

Have a go at some of the Javascript challenges on [Codewars](#) or [Edabit](#), to familiarise yourself with the logic of breaking down challenges.

By the time you reach the interview you should have covered:

1. Introduction
2. Conditionals
3. Functions
4. Scope
5. Arrays
6. Loops
7. Iterators

The JavaScript code challenge will be conducted on [replit](#). Have a look at this in advance and sign up for a free account to make the process smoother.

# THE INTERVIEW

The interview will consist of three parts via Zoom:

1. Looking at and talking through the HTML/CSS code of your website.
2. A short technical challenge in JavaScript to be completed live on the call.
3. Getting to know a little more about you and your motivation to join futureproof.

**Please schedule your technical interview [here](#).**

We advise booking your technical interview within a week as cohort places fill up quickly.

We do not accept early applicants for cohorts starting more than three months away and you will be asked to re-take the interview. Interview slots show two week availability, so please wait until the cohort is open to book your interview. See [here](#) for cohorts.

Please inform [admissions@getfutureproof.co.uk](mailto:admissions@getfutureproof.co.uk) if you are interested in a later cohort.

If you are no longer able to make your interview please let us know at least 24 hours before the scheduled time or cancel online. Any cancellations within 24 hours of the interview will be disqualified from the application process.

---

## AFTER THE INTERVIEW

You will be notified of your interview outcome, whether successful or unsuccessful, within 10 days.

If you are successful, you will be required to complete some pre-work to make sure you can hit the ground running on day one
